We may have different experiences of parish, however, the parish is really all the members of the Catholic community that worship and live together. We must always remember that to be a Catholic is to be a member of the Universal Church. Jesus called His disciples to pray and work together and to help one another. Therefore, each one of us is very important to the local parish community. The parish is our family, our faith community, that needs each one of us to participate. Please help us to build a stronger faith community through your participation in our parish.
